Harry Potter and the Prisoner of Azkaban

By J.K. Rowling

Harry Potter And The Cursed Child

Harry Potter's third year at Hogwarts is full of new dangers. A convicted murderer, Sirius Black, has broken out of Azkaban prison, and it seems he's after Harry. Now Hogwarts is being patrolled by the dementors, the Azkaban guards who are hunting Sirius. But Harry can't imagine that Sirius or, for that matter, the evil Lord Voldemort could be more frightening than the dementors themselves, who have the terrible power to fill anyone they come across with aching loneliness and despair. Meanwhile, life continues as usual at Hogwarts. A top-of-the-line broom takes Harry's success at Quidditch, the sport of the Wizarding world, to new heights. A cute fourth-year student catches his eye. And he becomes close with the new Defense of the Dark Arts teacher, who was a childhood friend of his father. Yet despite the relative safety of life at Hogwarts and the best efforts of the dementors, the threat of Sirius Black grows ever closer. But if Harry has learned anything from his education in wizardry, it is that things are often not what they seem. Tragic revelations, heartwarming surprises, and high-stakes magical adventures await the boy wizard in this funny and poignant third installment of the beloved series.

Harry Potter And The Cursed Child Sf

This is a Weasley appreciation post.

•“Don't let the muggles get you down.”•

Yup yup yup I love this book.

Harry Potter and the Prisoner of Azkaban

Harry Potter And The Goblet Of Fire

This one is definitely my favourite of the 3 i've read so far.. :)

(Watch my review here): <https://youtu.be/gFZ99uPXilU>

re-read in February 2016

Harry is getting his sass on. I love it.

Re-Read in December 2014 for Harry Christmas to You

OH MAN. THIS BOOK IS SO MY FAVORITE.

The phone conversation at the beginning between Ron and Uncle Vernon was PRICELESS. I wish so much that that scene had been in the movie.

I was so into reading this book that I failed to take notes, so I don't have many specifics to add except that I love how Crookshanks was basically Sirius's secret agent spy cat friend and I LOVE THAT.

Also, this re-read in February 2016

OH MAN. THIS BOOK IS SO MY FAVORITE.

The phone conversation at the beginning between Ron and Uncle Vernon was PRICELESS. I wish so much that that scene had been in the movie.

I was so into reading this book that I failed to take notes, so I don't have many specifics to add except that I love how Crookshanks was basically Sirius's secret agent spy cat friend and I LOVE THAT.

Also, this book demonstrated some very REAL aspects of school. For example, Hermione took on too much work, and she gradually started to go crazy (and consequently distanced herself from her friends, became more moody, and then finally just bitch-slapped Malfoy). I also found Oliver Wood to be hilarious in this book for similar reasons: this was his last year at Hogwarts, and he wanted nothing more than to win the Quidditch Cup so he could have some sort of glory at Hogwarts, and he became so consumed by it (as I'm sure lots of people on sports teams do). The way he was so emotionally invested really cracked me up but also felt so real.

Side note: CEDRIC IS SO DAMN NICE. when he realized that Harry fell off his broom during the Quidditch

Harry Potter and the Prisoner of Azkaban

game and Hufflepuff won he called for a rematch, which says a lot about him, and it just makes what happens in the next book that much worse.

But of course, all of the Marauders stuff made my inner fangirl go nuts because it has to be my favorite Harry Potter storyline. (I mean, I didn't name my YouTube channel after them or anything...)

Also time travel. ...more

Harry Potter And The Chamber Of Secrets

I'm beginning to wonder if there will ever be a Defence Against The Dark Arts teacher who is just a teacher.

I last read this book when I was 14 years old, given that I'm almost 32 now, I have a whole new perspective on it. Despite the fact that I gave this book 5 stars previously, I have to admit that it didn't grow on me until this, my second read.

Confession time: I didn't like Remus or Sirius.

Khanh ducks as rotten fruit and eggs are thrown her way

OK, OK, I'M SORRY! I've since changed my mind! Notice that I used the past tense.

Obviously, there will be spoilers for the book below, for the 1.5 of yo

Confession time: I didn't like Remus or Sirius.

Khanh ducks as rotten fruit and eggs are thrown her way

OK, OK, I'M SORRY! I've since changed my mind! Notice that I used the past tense.

Obviously, there will be spoilers for the book below, for the 1.5 of you who haven't read this yet.

I can't even recall why this book wasn't memorable to me. All I remembered was that Sirius - and what happened to him - was terrible, but he's like meh to me; I just never connected with him as a character. Remus was a werewolf and I've never liked werewolves. The Marauders in general were just a bunch of rowdy teenaged boys, and having been the target for teasing from rowdy, rude teenaged boys in my youth, I just didn't care for the way they were portrayed. And I was right, somewhat, James, et al weren't perfect. They bullied Snape, they were little shitheads.

Yes, eventually they became productive, admirable members of society, but I just didn't like them at first.

I guess this is one of those books that just takes time to grow on you.

Harry Potter and the Prisoner of Azkaban

This is the last Harry Potter book in which Harry is a child. Before his life - and this series - was visited by the spectre of death. I'm not talking about the long-ago deaths of James and Lily, of course Harry has experienced deaths before, but it was distant. I'm talking about the future deaths where Harry lost people he actually remembered, and respected, and loved. That's what I mean when I say that this is the last book in which Harry is a child, because as hard as his life was until now, he still had his innocence.

Children believe that their heroes are unerring. One of the rites of passage to adulthood is the realization that heroes fall, like everyone else. Harry stared up into the grave face and felt as though the ground beneath him was falling sharply away. He had grown used to the idea that Dumbledore could solve anything. He had expected Dumbledore to pull some amazing solution out of the air. But no! their last hope was gone. I know that everyone loves Sirius, but for some reason, he didn't click for me when I was 14. This time around, I could understand his character more. I could relate to his desperation, his frustration, and the hope that kept him alive all those excruciating years in Azkaban. "I don't know how I did it," he said slowly. "I think the only reason I never lost my mind is that I knew I was innocent. That wasn't a happy thought, so the Dementors couldn't suck it out of me!" but it kept me sane. I think for me, it took maturity and the experience of loss and frustration, well, life itself, in order to appreciate the hardship that Harry and Sirius and Remus went through.

Previously, this was a magical Cinderella-like tale about a boy in a room under the stairs. With this book, the story became twisted, and it became something more.

Harry Potter And The Half Blood Prince

I have so much more love for this one re-reading it as an adult.

Five stars of course.

It's a rainy Sunday. It's colder than it should be this time of the year, so I'm drinking a delicious cup of coffee and I'm browsing my Goodreads shelves only to realise that I haven't written a Harry Potter review. Not a single one. So, I decided to start with the first Harry Potter book I ever read, the one that took me to Hogwarts School of Witchcraft and Wizardry, and made me believe that magic is something tangible.

â€œI solemnly swear that I am up to no good.â€•

I was 16 years old, and I ha It's a rainy Sunday. It's colder than it should be this time of the year, so I'm drinking a delicious cup of coffee and I'm browsing my Goodreads shelves only to realise that I haven't written a Harry Potter review. Not a single one. So, I decided to start with the first Harry Potter book I ever read, the one that took me to Hogwarts School of Witchcraft and Wizardry, and made me believe that magic is something tangible.

â€œI solemnly swear that I am up to no good.â€•

I was 16 years old, and I had just started my english classes in order to pass my Proficiency examinations. My teacher told me that the best way to delve into a foreign language and familiarize with it is to read books written in it, so she gave me the third instalment of Harry Potter. (Little did she know that she unleashed a beast who now reads almost exclusively in english). Before I tell you about my experience, I need to make a confession. It was my choice to stay away from J.K. Rowling's books until that moment. I wanted to swim against the current, and I thought that Harry Potter was too "mainstream" for my taste. And the foolish little me was proud of this decision. But when my teacher gave me this old, used copy, something inside me cracked. I knew the basics about the story, about the orphan kid who goes to a school for wizards and fights the ugly, evil dude who doesn't have a nose. But page by page, I came to understand with awe that the wizard who finds trouble even when he doesn't want to offers more than that; he opened a portal to a world where I longed to be fervently. I stayed up late at night, with a faint light just enough to make out the sentences, and I cheered for Gryffindor's Quidditch team, I flied with Firebolt and I kept wondering what my patronus would be (according to Pottermore it's a brown mastiff, which is oddly fitting). I casted spells (but never Avada Kedavra, you shouldn't play with this shit) and tasted butterbeer in Hogsmeade, and just like that, my life had changed irrevocably. I was a Potterhead. And I was proud of that. (my mum wasn't though, especially when I asked for a wand).

â€œHappiness can be found, even in the darkest of times, if one only remembers to turn on the light.â€•

There is a reason why J.K. Rowling is the fairy god-mother to millions of children (and adults) worldwide. Friendship, love, hope, they're present in her books even in the most desperate times, when Evil seems undefeatable, when no escape is visible. She encourages and empowers, shows that everything is possible, that strength and courage can be found within, when you have someone to hold your hand.

Harry Potter and the Prisoner of Azkaban

Harry was a kid who was deprived of love yet he was capable of loving, it took him years but he finally found a place to belong, to feel safe and cared. Ron, with his witty lines and his constant presence, Hermione, my personal favorite, with her intelligence and compassion, they managed to enchant my prejudiced heart, and even now, years later, I'm still under their spell. I think I will always be.

â€œDon't let the muggles get you down.â€•

I'm still waiting for my Hogwarts letter, and secretly hope that Dobby is the one to blame. I still caress with affection the spines of my Harry Potter books (meanwhile I bought them all and finished the entire series in a week and a half) and laugh at Harry Potter jokes. And I know, and it's imprinted in my soul, that I'll never be a muggle again.

Harry Potter And The Deathly Hallows

Re-read 1/19/19: Idk what happened this time around but I SOBBED for the last 50 pages of this????? My heart aches for all the things that could have happened and I just ðŸ˜~ -ðŸ˜~ -ðŸ˜~ -

Re-read 5/25/16: Perfection again. Re-reading this series is making me SO happy. Although this book is where things start getting really gloomy and it just breaks my heart to see bad things happening to lil Harry :c

(A) 85% | Extraordinary

Notes: Separating itself from its forebears, itâ€™s a story of greater complexity, darker tones, and a vastly expanded mythology.

Harry Potter And The Prisoner Of Azkaban

ENGLISH (Harry Potter and the Prisoner of Azkaban) / ITALIANO

«Harry Potter was a highly unusual boy in many ways. For one thing, he hated the summer holidays more than any other time of year. For another, he really wanted to do his homework but was forced to do it in secret, in the dead of night. And he also happened to be a wizard» Sirius Black's escape from Azkaban prison is on every wizard's lips. Not even the dreaded guards of the prison, the Dementors, managed to keep in a cage the wicked wizard, who probably want to meet again his master, Voldemort. But to do that, firstly he must kill Harry Potter, the only one capable to stand up to Voldemort... Meanwhile, the new school year is about to start at Hogwarts School of Witchcraft and Wizardry, and Harry, Ron and Hermione will become acquainted with two new professors... Compared to the previous, the third volume of the series is the one that is richer in twists and turns. I'm reading the saga of Harry Potter to my daughter, when in the evening she goes to bed, and in this "Harry Potter and the Prisoner of Azkaban" a little tragedy happened. When we got to "The kiss of the dementor" chapter, just hearing the title my daughter (6 years old) was so upset by what it might happen that she required that I read that chapter alone, and just then telling her what was going on by omitting the scary details. Apart from this hiccup, the reading was neat and clean. It is evident that the playful and carefree tones of the first two adventures give way to dark colors. After all Harry is growing up, and his way of seeing things is supposed to change as well. Rowling takes us in the maturation process of the most famous little wizard of the world using the same plot device of the previous volumes: the teachings of Headmaster Dumbledore, the clashes with Malfoy, the bickering with Hermione, the conflicts with Professor Snape. I do not know if in the near future I will continue to read to my daughter the Harry Potter saga, or if I will wait she grows enough to read it alone to avoid upsetting her again. Never mind. I will go on because now it is not possible for me to stop reading, with the pleasant awareness that there is no healthier addiction of this one. "Get high" yourself too. Vote: 10

ITALIANO

«Harry Potter era un ragazzo insolito sotto molti punti di vista. Prima di tutto, odiava le vacanze estive più di qualunque altro periodo dell'anno. Poi voleva davvero fare i compiti, ma era costretto a studiare di nascosto, nel cuore della notte. E per giunta era un mago» La fuga di Sirius Black dalla prigione di Azkaban è sulla bocca di tutti i maghi. Nemmeno i temuti guardiani del carcere, i Dissennatori, sono riusciti a tenere in gabbia il malvagio stregone, che si dice voglia riunirsi al suo padrone, Voldemort. Per farlo però dovrà prima eliminare Harry Potter, l'unico che fino ad ora è stato in grado di tenere testa

Harry Potter and the Prisoner of Azkaban

a Voldemort... Nel frattempo, alla scuola di magia e stregoneria di Hogwarts sta per cominciare il nuovo anno scolastico, ed Harry, Ron ed Hermione faranno la conoscenza di due nuovi professori...Rispetto ai due precedenti, il terzo volume della serie Ã¨ quello piÃ¹ ricco di colpi di scena, e di conseguenza quello con il ritmo piÃ¹ serrato. Sto leggendo la saga di Harry Potter a mia figlia quando la sera va a letto, ed in questo "Harry Potter e il Prigioniero di Azkaban" Ã¨ successa una piccola tragedia. Arrivati al capitolo "il bacio del dissennatore", al solo sentire il titolo mia figlia (6 anni) Ã¨ rimasta cosÃ¬ turbata da quello che sarebbe potuto accadere che ha preteso che lo leggessi io da solo, e che le raccontassi quello che succedeva omettendo i particolari spaventosi. A parte questo intoppo, la lettura Ã¨ continuata liscia. E' evidente che i toni giocosi e spensierati delle prime due avventure lasciano il posto a sfumature a tratti cupe e goticheggianti. D'altronde Harry sta crescendo, e si suppone che cambi anche il suo modo di vedere le cose. La Rowling ci accompagna nel processo di maturazione del maghetto piÃ¹ famoso del mondo utilizzando gli stessi espedienti narrativi usati negli altri volumi: gli insegnamenti di Silente, gli scontri con Malfoy, i battibecchi con Hermione, i conflitti con Piton. Non so se nell'immediato futuro continuerÃ² a leggere a mia figlia la saga di Harry Potter, o se aspetterÃ² che cresca abbastanza da essere in grado di leggerseli da sola per evitare adesso di turbarla. Non importa. Io andrÃ² avanti perchÃ¨ per me non Ã¨ piÃ¹ possibile fermarmi, con la piacevole consapevolezza che non esiste dipendenza piÃ¹ salutare di questa. "Drogatevi" anche voi.Voto: 10 ...more

Read for Popsugar's 2018 Reading Challenge: A Book Set in the Decade You Were Born

THIS WAS SO BEAUTIFUL. At first I was mad there weren't more illustrations, but I began to realize that every page was unique in its own way (mostly REALLY COOL background designs) and the chapter headers were all incredible. All in all, a super delightful read!

â€œHappiness can be found, even in the darkest of times, if one only remembers to turn on the light.â€•

When I finished Harry Potter and the Prisoner of Azkaban for the first time, it immediately became my next favourite book. J. K. Rowling outdid herself, and wrote something even bigger and better than before. And she'll keep doing it for another 4 books.

There's just nothing to criticise about book 3. Compared to the other books there's not a single scene that makes me uncomfortable, that I'd prefer [â€œHappiness can be found, even in the darkest of times, if one only remembers to turn on the light.â€•](#)

When I finished Harry Potter and the Prisoner of Azkaban for the first time, it immediately became my next favourite book. J. K. Rowling outdid herself, and wrote something even bigger and better than before. And she'll keep doing it for another 4 books.

There's just nothing to criticise about book 3. Compared to the other books there's not a single scene that makes me uncomfortable, that I'd prefer to skip rather than experience it again. I particularly admire Hermione, our favourite genius witch. Keeping all those immense secrets, kicking butt, being the

Harry Potter and the Prisoner of Azkaban

best student of her age, suffering Ron's sideswipes and punching Malfoy in the face can't ever be beaten. Hermione seriously managed her mischief.

Harry Potter And The Sorcerer's Stone

Loved it, duh. It's my favorite in the series and I'm not sure I got anything NEW out of this reread except some reminders on what a dick Snape is + how Crookshanks was MVP in getting the passwords to Sirius Black.

Since pretty much everyone I know has read these books, I figure reviewing them is pretty pointless. But with the new book coming out in a couple of weeks, I have to go through them beginning to end. To make the reviews more entertaining, I will be doing them in a variety of unexpected formats. For this review, I will be writing as Crookshanks fan fiction.

Crookshanks swished his tail back and forth as he crept up the stairs to the boys' bedrooms. He knew the rat wasn't what it was pretending to be. Since pretty much everyone I know has read these books, I figure reviewing them is pretty pointless. But with the new book coming out in a couple of weeks, I have to go through them beginning to end. To make the reviews more entertaining, I will be doing them in a variety of unexpected formats. For this review, I will be writing as Crookshanks fan fiction.

Crookshanks swished his tail back and forth as he crept up the stairs to the boys' bedrooms. He knew the rat wasn't what it was pretending to be, but all of his attempts to alert the humans to this fact had failed. "I don't know why I even bother," he muttered to himself. "I could get along fine without any of them. Let the rat do whatever it is it's trying to do. So long as Girl keeps feeding me and scratching my belly, I'll - hello, what's this?"

He could smell the rat. Its scent was like nothing Crookshanks had ever smelled, and for all his time living in a magical pet shop, he'd smelled a lot. The rat did smell like a rat, yes, but there was also something else. Something... human. It was just like that big black dog he'd met on the grounds the other day. Every instinct in him had screamed to run away, but there was that smell. And even Crookshanks knew what they said about cats and curiosity. The dog had turned out to be more than just a dog, and it had convinced Crookshanks to help it. First order of business: retrieve a certain rat from the bedroom of the Red-Haired Boy.

The Boy wasn't in, but the rat was. Crookshanks circled the bed a few times. This time, maybe, he would be able to get the damn thing. He tensed for a moment and then leapt onto the bed.

By luck or skill, he was nearly on top of the thing when he landed. "A-HA!" he yowled. "Gotcha!" He pinned the rat under his sizable paw. "Where you gonna run to now, ratty?" he asked, sneering as best he could.

The rat writhed in his grip. "Please," it said. "Just let me go. You don't know what will happen if you eat me, it would be a terrible mistake!"

"A mistake, eh?" the cat said. "We'll see about that. I have a great big doggie friend who's just aching to get his jaws around you...."

He barely had time to finish his sentence when the rat went mad. It squealed and bit and slashed with its paws. And then, against all of Crookshanks' previous experience - it grew! It nearly threw the cat off the bed as it became much more massive - its legs lengthened and its arms stretched until it had reached a human size and shape. Crookshanks goggled. Of all the things he'd expected from this rat, this wasn't it. The human grabbed at him, but Crookshanks was too fast. He jumped off the bed and shimmied under the wardrobe, where he could see but not be seen.

The human looked around, breathing heavily. He was pale and thin, and still looked ratty. "Think, Peter, think," he said. "Gotta get out of here, but..." He stopped, glanced at the wardrobe, and grimaced. "You may just have given me my way out, cat," he said. And then he bit the ball of his hand.

Blood dripped out, leaving spreading red blotches on the sheets. "They'll think it was you," he said. "They'll leave me for dead and I'll be free to rejoin my Lord." He looked at the recently repaired curtains on Ron's bed. "It's not safe here anymore." He sucked at the wound to stop the bloodflow and then went to the window. Perched on the windowsill, he looked over at Crookshanks' hiding place. "If I were human," he said, "the fall would kill me. But as a rat..." His body rippled and twisted and shrank, and then there was an old grey rat on the sill. Crookshanks was pretty sure it winked at him before leaping off.

After a minute or two, Crookshanks wriggled out from under the wardrobe, his thoughts dark. The Red-Haired Boy was going to be angry, and so was the Girl. But more importantly, the Dog was going to be furious. It was barely holding on to its sanity as it was. Crookshanks shook his head. This was going to get worse before it would get better... ..more
