The Awards Annual Music Industry Event

Epic concerts like these are thrown year after year because they are the best music festivals America has to offer. Almost all of the rock bands on the scene over the last decade have made appearances at this tour. With more than 40 rocking shows across the country, few events can ever dream of topping the awesomeness that is the Warped Tour, and this Annual Music Festival Series details the biographies of the bands behind the show. Project Webster represents a new publishing paradigm, allowing disparate content sources to be curated into cohesive, relevant, and informative books. To date, this content has been curated from Wikipedia articles and images under Creative Commons licensing, although as Project Webster continues to increase in scope and dimension, more licensed and public domain content is being added. We believe books such as this represent a new and exciting lexicon in the sharing of human knowledge.
