

The background features a complex network of white nodes connected by thin white lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and polygons. The overall aesthetic is modern and digital.

# Nothing but trouble

By Roberta Kray

## Nothing But Trouble Movie

I won this book in a Twitter contest held by the UK's The Crime Vault for for "What would you name your series character?" I came up with Inspector Everlast Forlorn. And I won ten books! I read the descriptions of all the books and chose to read Roberta Kray's first.

I'm not familiar with Kray. I didn't know if this book was the start of a series or mid-series or what. But it didn't matter. She weaves in memories of previous cases so effortlessly that a new reader would learn some of the backstor I won this book in a Twitter contest held by the UK's The Crime Vault for for "What would you name your series character?" I came up with Inspector Everlast Forlorn. And I won ten books! I read the descriptions of all the books and chose to read Roberta Kray's first.

I'm not familiar with Kray. I didn't know if this book was the start of a series or mid-series or what. But it didn't matter. She weaves in memories of previous cases so effortlessly that a new reader would learn some of the backstory while old hands would not be bored and start flipping pages to get to the new stuff again. By the end of the book, I still couldn't say definitively that this book is part of a series, but I did feel like I was in the middle of a story about the main characters. It would be interesting to see what happens next.

I liked the characters. It took me awhile to get to know them, and I felt like sometimes they bordered on the stereotypical. All in all though, I was left not quite knowing enough about the crime solvers and thus wanting to know more.

The plot was convoluted. And this is where my brain-injury-imposed reading limitations put a serious dent in my ability to solve the mystery. I didn't. And even when it was solved in the book, it took me awhile to piece the picture together in my poor head because it's not a simple crime. I never fully understood the final motive (I wonder if I missed the explanation that some authors include, or if there wasn't one), and I think that's because the reader needs to sink right into this book and be able to follow the characters and build up the big picture and put the pieces together like one does a jigsaw puzzle. And I couldn't do that. It's a book for rereading and for engaging the mind, for sure. ...more

## Nothing But Trouble Twins

I came across this whilst on holiday. I grabbed it from a second-hand book shop as I'd run out of reading material. I'm so glad I did! Although it took a while for the story to get going, once the pace had picked up it was impossible to put down. It was obvious that the author had personal experiences with which she could draw upon and this gave the story more credence too.

At first I thought that this would be yet another all 'blood and guts' read, however I was pleasantly surprised. A little slow to get going...but then when it did, it was excellent. I just had to keep reading as I really wanted to get to the bottom of the puzzle and it kept me intrigued throughout.

Nothing but trouble

## Nothing But Trouble Cast

â€˜Nothing but Troubleâ€™™ by Roberta Kray

Published by Sphere, 17 May 2012. ISBN: 978-1-84744-442-4

Harry Lind and his partner Mac, both ex-cops have relocated their PI business from the West End to Kellston in the East End of London, where rents are cheaper. Before the offices are officially open for business Harry gets a visit from investigative journalist Jess Vaughan â€˜ someone he hasnâ€™™t seen for a number of years. Jess tells him that her friend Sam was one of the five girls involved in the incident

â€˜Nothing but Troubleâ€™™ by Roberta Kray

Published by Sphere, 17 May 2012. ISBN: 978-1-84744-442-4

Harry Lind and his partner Mac, both ex-cops have relocated their PI business from the West End to Kellston in the East End of London, where rents are cheaper. Before the offices are officially open for business Harry gets a visit from investigative journalist Jess Vaughan â€˜ someone he hasnâ€™™t seen for a number of years. Jess tells him that her friend Sam was one of the five girls involved in the incident fourteen years ago, when Minnie Bright was killed. Donald Peck was convicted of the crime and went to prison where he later hanged himself. Jess was interested in doing a piece on the effects of crime on those, as it were, left behind. Although one of the girls is now dead, the others had initially been keen to be part of the story, but now they have pulled out, and Sam has had her tyres slashed and received anonymous death threats. Harry is sceptical, he had worked on the original case and can envisage no reason why anyone would be concerned about a story on the case, but agrees reluctantly to speak with Sam. Meanwhile he has another â€˜ payingâ€™™ client â€˜ a man wants his wife watched.

The story is multi-layered, as Harry gets drawn into both the death of 10-year-old Minnie Bright following a related murder, and the beautiful Aimee Locke, a possible cheating wife.

Rich in characters - Harry Lind and his ex-wife DI Valerie Lind, who while divorced donâ€™™t seem to have actually severed the ties that binds, Jessica Vaughan, who is in a relationship with Neil, but how deep does it go? The fall-out from that fateful day fourteen years ago, which has left its mark on all the girls for different reasons. I could not put this book down and although it is 470 pages, I read it in one sitting. There was no way I could go and do something else until I knew the outcome.

Utterly gripping the story moves at a cracking pace. The story is told from multiple points of view, and as the layers of deceit are stripped away the truth eventually surfaces with many surprises, and heart in the mouth, edge of your seat situations. This book is highly recommended.

-----

Lizzie Hayes

Other books are The Debt, The Pact, The Lost, Strong Women, Villainâ€™™s Daughter, Broken Home.

...more

Nothing but trouble

a gang of girls bully a younger girl into going into the house of a known pervert, to steal money, when she doesn't come out they all flee, 2 days later she turns up in the house under the bed dead

Nothing but trouble

## Nothing But Trouble Lyrics

a must read

Ug. Being the widow (I think...or perhaps the prison widow) of a (in)famous criminal does not make a brilliant crime writer. This was...adequate but a long way from exceptional.

Best,

David

Nothing but trouble

## Nothing But Trouble Tupac

Excellent book great story and fabulous outcome well worth 5\*

This wasn't Roberta's usual 'style' - she tends to veer toward the gangland plots. This was a typical "Whodunnit" mystery. Lots of detective inspectors and leads to follow - not my usual type of book. I find myself having to remember lots of different references and that's one reason why I don't read crime novels, I just find them hard work. This was also hard work for me, I'm afraid. A bit of a task to keep up with everything.

Nothing but trouble

## Nothing But Trouble Trailer

A good story but I did feel there were some very minor (almost transparent) loose ends. This is the first book I've read by this author so I'd be tempted to check out more of her material. Very true to life I think and captures the London gangster/club scene well.

Not the best Kray book I have read. It took me a week to read it, so that sums up how little it gripped me. The plot was good, but the story became rather boring at times. I hope the next one I have waiting is a bit more exciting to read.

Nothing but trouble

## Nothing But Trouble Judge

Thoroughly enjoyed this

started off slow but finished well

Nothing but trouble

## Nothing But Trouble Soundtrack

readable but very amateur, just trading off the Kray name if you ask me

Another brilliant read. Had me hooked from the beginning and characters I could relate to that have been used before. Can't wait for the next one.

Nothing but trouble

## Nothing But Trouble Bobo

Good writing, but not as gripping as I hoped it would be. The ending in particular happened far too rapidly.

This is a far better book, although slower to start than the previous one I read by Roberta Kray.
