

The background features a complex network of white lines and dots, resembling a constellation or a digital network. The lines connect various points, creating a web-like structure. The dots are scattered throughout, some acting as nodes in the network. The overall color scheme is a gradient from deep purple at the top to a bright pink at the bottom.

Growing Up Wired A Connected Generation

How will relationships change in the age of the internet?

Growing Up Wired Necn

Victor likes to admire his girlfriends' online pictures. These girls can't seem to stop posting self shots to Facebook and all the social sites. Soon all the young men in his fraternity are competing for the attention of these online, amateur pinups.

Growing Up Wired Book

The classic problems of maturity are complicated for Victor by a set of new challenges. He struggles with smartphones, text-games, recreational pharmaceuticals, porn addiction, reversed gender roles and a motley crew of well-meaning yet misguided mentors.

Growing Up Digital Wired For Distraction

The technological quandaries get even more confusing in the maelstrom of booze, drugs and social competition. He gets in fights, pops pills and embarks on a quest to learn why young women post so many pictures and why guys can't stop themselves from looking?

Growing Up Digital Wired For Distraction Summary

He might just find a girl to fall in love with - on both sides of the camera.

Growing Up Digital Wired For Distraction Analysis

Throughout these discoveries, he wonders:

Growing Up With The Wired Generation

What kind of love is this?

The Perils Of Growing Up Wired Summary

...the wired kind.

I reviewed this book for the author and offered some feedback prior to publication. I would have rated it higher if I was closer to the twenty something demographic that it is written for. The book takes a look at the social pitfalls of young people in college - especially the fraternity/sorority set. The writing flows well and is fast paced. I was reminded of Tom Wolfe's writing when I read this story.

In short, this book was too hip for me. Give it a try if you are still cool.
