Some nodes are larger than others, and the overall structure is somewhat irregular and organic. The background color transitions from a deep purple at the top to a bright pink at the bottom.

Rock Rebel

By Tara Leigh

Rock Rebel Purse

He's a rock star with a secret; she's a pop princess with a painful past, can their forbidden romance survive, or will their lies destroy them both?

Rock Rebel

I've earned my bad reputation.

Rock Rebellion

A few years ago, I was New York City's hottest classical music prodigy. But I wanted something else, something more. So I chased my real dream, and now... I'm rock royalty. Dax Hughes, lead guitarist of Nothing but Trouble. But to my family and former Juilliard classmates, I'm an outcast. A misfit. A rebel.

Rock Rebel Wallet

They're not entirely wrong. I don't give a damn what other people think, and I'm all for breaking the rules... except when it comes to our new opening act, Verity Moore.

Rock gods don't tour with pop princesses.

It's not personal. Actually, under that fallen diva reputation, Verity's incredibly talented. And her fiery redheaded personality is... intriguing. But I'm convinced the skeletons in Verity's closet are as scandalous as my own, and when we're not sparring, she has a way of drawing out all those secrets I'm determined to keep hidden.

Rock Rebel

Yeah. Verity Moore is definitely off-limits . . .

But since when do I give a damn about the rules?

Rock Rebel is book three in the Nothing But Trouble series by Tara Leigh. Everyone knows how I fall in love with the heroes of the books I read time and time again. But in this book, it's not the hero I fell in love with. Yes, I loved him too, but it's the heroine that dug into my heart. That I was thinking about when I wasn't reading. I hope you'll read on and let me tell you about Verity and Dax.

I hope you'll read on and let me tell you about Verity and Dax.

Verity

/ˈvɛrɪˈdɪ/

a true principle or belief, especially one of fundamental importance.

"the eternal verities"

truth.

"irrefutable, objective verity"

Verity Moore was a childhood TV star. She lived with her Mom/manager who controlled everything concerning Verity, including all of the money she earned. Verity was expected to do whatever it took to be a success. But after three seasons, the show was cancelled. At that point, Verity was of age so she took off, finally free, trying to figure out who she was. Things might have gotten a little wild, she made a few mistakes. But now she is in Los Angeles and is ready to start fresh. She has a chance to do what she's always wanted to do, sing. And she has the chance to be managed by the same manager, Travis Taggart, who manages the famous band, Nothing But Trouble.

Dax Hughes is the lead guitarist for Nothing But Trouble. Dax grew up a child prodigy. He could play any musical instrument you put in his hands. He was raised to play classical music, studied at Julliard. But when who he thought was the love of his life left, he chased her to Los Angeles where he met the band and found a whole new way to express his music. The rest is history. Dax's heart never recovered.

Rock Rebel

He doesn't trust. He definitely doesn't get involved with female musicians. But when he came face to face with Verity for the first time, the electricity was crazy. The chemistry off the charts. Run, part of him screamed. But the other part of him wanted to stay and figure out who this woman was.

“You make me want to know what it's like to want, just as much as I wanted. To take, just as much as I'm giving.”

This is Verity's chance to make it big. And now she is being offered to tour with Nothing But Trouble as their opening act. She can't get Dax off her mind. But if she gives in to this attraction, the world will think she was given this chance because she slept her way in. She can't take that chance, no matter how badly she wants him.

“I wanted to watch Verity blaze a path across the sky like the shooting star she was destined to be. But I knew exactly what would happen if I got too close. I'd be incinerated.”

Dax does everything he can to stay away. But he just can't. He's tired of fighting whatever it is between them. He doesn't feel worthy of her. He sees everything good in her, both with her talent and what is on the inside. Whatever it is between them, he needs it to survive.

“What if Dax was just another devil in disguise?”

Verity is so ashamed of her past. She has been used by every single person that has been in her life. But on a deep level, she knows that Dax is different. That he sees her as a woman, not a commodity.

Okay, I'll stop here. I loved watching these two fall for each other and break down each other's walls. They both had so many secrets, so much darkness. Verity had been so badly used and hurt. I also want to sing all the praises to Travis Taggart, the manager. This man is a saint.

The time line of this book runs parallel with book two, Piper and Landon's story. But you can also read this as a stand alone. Enough information is given that you wouldn't be lost. You just would miss out on the amazing stories of Shane and Landon. I loved getting updates on the other two couples in this book, especially Shane and Delaney. This was such a beautiful book and I loved it like crazy. Verity (and Dax) will long live in my heart. This author has become one of my favorite authors and I can't wait to see what she does next.

“Two souls with just enough wrongs to make everything right.”

I was patiently waiting for this one to come out. I was always curious of Dax's story and what I got in this book, lord give me more!!!!

Verity Moore, strong, brave, and I couldn't have loved this character more. This author made Verity one of my favorite heroines ever. Obviously this story has many controversial circumstances played out in it, but the way this amazing author ties it all up, brilliant, breathtaking, simply amazing. It was like seriously reading a real life story. It's so damn real. I was patiently waiting for this one to come out. Dax Hughes, super sexy rock star, a super edgy man that doesn't look for anything more than a one night stand if that. When he comes face to face with Verity Moore, his life changes on the spot. The coincidences of the crazy connections of these two, blew me away. Another reason I loved this story, it kept surprising me. This book wasn't a story that was predictable to me, heck no, things kept happening that would make me swoon, make me laugh, make me tear up, and often shocked me with how easy it seemed so real life. Dax grew during this story, he became stronger and he finally followed his heart and let go of his past. I loved his growth, and I definitely loved his heart.

Thank you my dear, Tara Leigh, for this book, and for the chance to read it. This whole damn series, it's been such a wonderful and lovable journey. I can not wait to read more books by you in the future â••

Rock Rebel

See she had been in the public eye for some time. Her last job was on music show for 3 year. In process of trying to become teen pop star her mother/manger pushed Verity to do just about anything succeed in her career. Verity try so hard to do whatever she could to please mother. That approval cost Verity high price, price her mother never seem to knowâ€¦.. Or did she know?

It was roll coaster to say the least watching this two, both were struggle with their own secrets to bareâ€¦ Together they climb that mountain .. Both of them having enough strength in their own way to help the other

The book does touch on hot topicâ€¦ with the #metoo movement, but I believe that Tara Leigh did graceful job with the subject.

â€¦ Hope you enjoy this read & also always keep in mind this is just my opinion

This book might be in a series, but I can honestly say you can read it as a standalonedâ€¦ Mind you I plan on going back & reading the other two books

Books should be read in order:

Book 1: Rock King

Book 2: Rock Legend

Book 3: Rock Rebel

The book does touch on hot topic/emotional issues, but ideas that need to be discussed and shouted about so they stop. Tara handled this with care, not making judgements but by showing the effects and the need to speak out about it.

While this is Dax's book, it is really Variety's. She steals the show like she steals our hearts and Dax's. I couldn't have loved this story more ...more
