

The background features a network diagram with white nodes and lines on a purple-to-pink gradient. The nodes are connected by thin white lines, forming a complex web. Some nodes are larger than others, and the overall structure is somewhat irregular and organic. The gradient transitions from a deep purple at the top to a bright pink at the bottom.

Lucy Katz was born and raised in Palo Alto, so tech, well, it runs in her blood. A social butterfly and CEO in-the-making, Lucy is ready to win and party.

Scream Queens Cast

East Coast designer, Maddie Li left her home and small business behind for a summer at ValleyStart. Maddie thinks she's only there to bolster her graphic design portfolio, not to make friends.

Scream Queens Season 3

Delia Meyer taught herself how to code on a hand-me-down computer in her tiny Midwestern town. Now, it's time for the big leagues--ValleyStart--but super shy Delia isn't sure if she can hack it (pun intended).

Scream Queens Season 2

When the competition kicks off, Lucy, Maddie, and Delia realize just how challenging the next five weeks will be. As if there wasn't enough pressure already, the girls learn that they would be the only all-female team to win ever. Add in one first love, a two-faced mentor, and an ex-boyfriend turned nemesis and things get...complicated.

Scream Queens Season 1

Filled with humor, heart, and a whole lot of girl power, Screen Queens is perfect for fans of Morgan Matson, Jenny Han, and The Bold Type.

I had an idea of where this book was headed early on but still reading it shocked me. It pissed me off but in a good way (it'll make sense once you read the book!). If you don't walk away feeling empowered, you might be broken.
