Today is an opportunity for God to demonstrate His love and His faithfulness in the midst of your mundane. No circumstance is too ordinary or too forgotten for Him to meet you there in worship. His transforming grace turns your "everyday ordinary" into a holy place of "becoming."

Beholding and Becoming is filled with some of my favorite things: bees, blackberries, thistles and peonies, and love for our God who made them all in delightful detail. Ruth paints the page with words and watercolors illustrating in living color how touchable worship can be in everyday life.

When you read this book, you'll remember our world is a cathedral. As soon as I reached the last praising page, I began again, this time more slowly in awe of my ordinary and wonderful life. and your's, too. This is a beautiful, multi-layered book. It's primary purpose is to encourage the reader to worship the Lord. The text is the kind of text to savor--it can be read and re-read for the truths in it to nourish the heart. The artwork is beautiful--there is a glossary at the beginning of the book that explains the meaning behind the images the author/artist chose. What a joy it is--I will be reading this again to study the art and to annotate the text.

What does it mean to practice "every day worship"? It doesn't take long inside the pages of this stunning book to realize that Ruth is telling the beautiful story of sanctification--our becoming like God--showing the reader what a joy it is to behold Christ in what we may perceive as the mundane--the million tiny moments that make up most of our lives.

The form of the book complements its purpose. Over 16 chapters, Ruth explores different areas of beholding God--"from creation to the kitchen table"and how in that exact place, God can transform you into becoming like him. The paintings throughout are gorgeous, linger-worthy, and full of deeper meaning (a glossary of repeated motifs, creatures, and flowers makes the paintings come alive with purpose!).

There is a lyrical seriousness, a mature beauty in both the written word and water colors, that appropriately gives this book the feel of Gracelaced's older sister. For those of us who read Simon's first book and loved it, this is a perfect companion as we mature in our faith. If you're looking for a book that lays Christ before you as a prize worth having, this is it. ...more

ARC - this book is exactly the message our world needs right now. Beholding and Becoming are two themes interwoven amongst Ruth's art. The central idea is that what we behold, worship at our core, is what we become. Ruth's insightful and truth-filled words convict and led me to repentance but also realigned my worship back to God.

Her art is beautiful. She ties in hymns and quotes into the book that strengthen her message and deepened my worship. This is a must read!!

I have been a fan of Ruth Chou Simons for years and have been anxiously awaiting this new release and it does not disappoint! I love how Ruth ties in each beautiful watercolor illustration to her words. The imagery is symbolic of messages within the written text. So, the two go hand in hand to really get Ruth's message across. I knew this book was going to speak to me right away when it began with a commentary on our modern day fixation on social media and the digital world. I often feel disconnected from my faith life by all the "noise" in my life. And I appreciate how Ruth reminds us all to turn away from all of that noise and reconnect with God in each chapter.

As with her other books, I found that I enjoyed reading one short chapter and stopping to reflect on Ruth's words and meditate on her paintings. There is a lot to think about and pray about within each chapter. I found that my favorite chapter was Ruth's reminder to "Be Glad in Today." Something that isn't always easy to do in our busy, hectic lives and something that I continually work on. Whether you read this book straight through or pick it up every so often to read one chapter or focus on one painting, you will find dozens of gems to reinvigorate your faith life.

Beholding and Becoming guides readers to carefully examine their own hearts, looking deeply at their own hearts and examine their actions in light of the faith they profess. I found my own heart challenged as I realized that often my actions do not line up with the faith I so deeply profess.

This lovely book draws readers toward God, who heals and restores. Beholding and Becoming is a definite must-read, lovely to share, most importantly, impacts lives for eternity. I am honored to highly recommend Beholding and Becoming.

The artwork throughout is entirely comprised of watercolors by Ruth. I have been familiar with and loved her work so much over the years, and even so, the beauty in this book exceeded my expectations. One of my favorite things is the glossary where she gives the meanings of the recurring things she painted and invites you to sit awhile to experience the words and the art together and be encouraged.

The beauty in Beholding and Becoming is not limited to the artwork. The words are just as lovely. Each of the book's 16 chapters is broken down into 2 sections: Beholding and Becoming. Ruth gives us a concept or attribute of the Lord to Behold and then gives us encouragement in allowing Christ to work in us so we can Become. The first chapter starts out with a bang in "Beholding: God's Greatness in Creation" and then moves to "Becoming: It's OK to be Small". Ruth asks us the question of, Are we ok with God being great and us being not great? How do we see us and the Lord? Are we in control or is He? Other examples of chapters throughout the book are "Beholding: God's Provision in the Unremarkable/Beholding: Learning to Love What Must Be Done" and "Beholding: God's Example for Family/Becoming: The Mission Field is at Your Kitchen Table". My favorite is

the last chapter “Beholding: Our True Home/Becoming: Actively Abide”. In it Ruth talks of how nothing of this world will satisfy; our true home is in Him, the Lord Himself. Our longings will be satisfied solely in Him because He is whom we were created for. We were made to abide in him, but that abiding is an active thing not a passive one. It is a choice, a “deliberate pursuit”.

If allowed, this book will pierce and prod, it will challenge and encourage. It offers us an opportunity to really question how and what we think of the Lord. It encourages us to allow all the workings of our everyday lives to be places and times of worship not just something to grit our teeth and get through. Being called to be worshippers is not just a calling to do a thing, it’s calling to know and respond to a person.

My very favorite thing about Ruth is her consistency, day in and day out, in pointing us to see Jesus: to be looking to Him for all things and in all things. Beholding and Becoming is a beautiful extension of Ruth’s daily encouragements to worship in the midst of the everyday. I highly recommend. ...more
