# Slave Boy

By Evangeline Anderson

## Slave Boy Names

Haven is a Master of the Order of the Light--a revered sect of mediators and healers that roam the galaxy righting wrongs. Ten years ago he bought a ragged slave boy from Rigel Six and brought him to live at the Temple of Light on Radiant. As Wren's master and mentor, Haven knows the young man is off limits, so he keeps his forbidden feelings for his novice under wraps, vowing never to act on them.

Wren has been in love with his master from the moment he laid eyes on him. Haven rescued him from a life of sexual slavery and his gratitude is exceeded only by his desire for the tall, broad shouldered man he calls Master.

## Slave Boy Analogy

When the pair are sent to mediate a conflict aboard the huge Tiberion war ship, Haven discovers that he must have a pleasure slave to fulfill the local customs. Wren offers to play the part but will his role as Haven's slave boy bring back too much of his painful past? And how can Haven keep his vows of chastity when he is forced to use Wren in the most forbidden way? In a matter of life or death, both men must act on their hidden desires and hope not to lose each other forever.

Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, branding, dubious consent, exhibitionism, male/male sexual practices, strong violence, voyeurism.

Slave Boy

## Slave Boy David

O.M.G.

I absolutely LOVED this sci-fi novel!

Evangeline Anderson is THE master of outrageously sexy sci-fi romps.

Think: Star Wars

Think: Jedi Knights

NO, forget it. This is even better, because it's a gay love story!!

The Order of the Light is a community of trained mediators who travel all across the galaxy to reconcile fighting parties. They have access to The Light (\*cough\* the force? \*cough\*) which they can summon into their hands to create Swords of Light- I'm not gonna say \*lightsabers\*, but y O.M.G.

I absolutely LOVED this sci-fi novel!

Think: Jedi Knights

NO, forget it. This is even better, because it's a gay love story!!

The Order of the Light is a community of trained mediators who travel all across the galaxy to reconcile fighting parties. They have access to The Light (\*cough\* the force? \*cough\*) which they can summon into their hands to create Swords of Light- I'm not gonna say \*lightsabers\*, but you get the idea.

Haven is a 32 year old 'Light Bringer' who is accompanied by his 22 year old novice Wren, whom he bought from a sex slave trader on Rigel Six 10 years ago, promising him that he would never have to submit to forced sex ever again. Both guys share a mental connection that is common between Master and Novice. They can use it to convey emotions and to speak with each other inside their minds, without anybody being able to overhear them. The boy is now a Light Bringer in training - and is madly in love with his mentor and master, Haven.

Wren hides his emotions from his master as best as he can, since any sexual relation between them is strictly forbidden by the Order and Wren would never risk losing Haven, even if it meant that he had to

## Slave Boy

admire his master from afar without ever being able to consummate his love for him.

But he's fine with it, since Haven has been affectionate with Wren ever since he was a child and it isn't uncommon for both guys to hug each other or share a cot, sleeping in each other's arms.

Which they are doing when the book starts, because they're on their way to meet The God-Emperor of the Tiberion people on his queenship: Rudgez the Fourth (may he live forever).

Rudgez is threatening to destroy the home world of the peace loving Gowans who have committed some unforgivable slight to the God-Emperor - and Haven trying to talk Rudgez out of destroying the Gowan planet is literally their only hope!

Too bad that Haven knows nothing about the Tiberion traditions and is utterly surprised when the Tiberion delegation informs him that he cannot come into the presence of the God-Emperor (may he live forever ;-)) without a proper sex slave by his side who will service him during the audience.

You can imagine Haven's face at that, LOL.

Wren, however, who is DYING to get into his beloved master's pants anyway, suggests to play the sex slave part and things unfold in a beautifully awkward way for these guys.

The best part, however, was clearly when Haven is expected to \*oil\* his slave with special aphrodisiac oils that he needs to mix together before applying. Haven makes a tiny mistake with the mixing ratios and turns his boy into a wanton slut driven by lust who begs him to suck his cock!

And picture this: Wren has special manacles on that prevent him from touching his 'private parts', so \*someone else\* has to relieve the boy's pain - and scrub off the nasty oil ;-)

And then... no! You gotta read it yourself. It's hilarious and SEXY!

BUT the story also had some very serious notes and satisfied me completely, not just as a sexy romp, but as a sci-fi love story too!

I absolutely adore Evangeline Anderson's sci-fi work. She manages to incorporate the theme of forced sex into her stories in a way that keeps me on the edge all the time. Her characters are lifelike and real and ALWAYS get thrown into batshit crazy situations that you can't help but squirm inside when facing them alongside these guys.

This book has a very distinct BDSM context, but I would still call it soft BDSM. It's not so much a practice that is applied, but rather a natural theme in their relationship. They don't decide to be dom and sub for each other, they simply are - without any of the pain play that some D/s relationships have. So I really liked the way they interacted with each other and I absolutely loved how loving and caring Haven treated Wren, protecting and sheltering him wherever he could.

Slave Boy

He really was Wren's safe haven \*sigh\*

The resolution of the story was beautifully done and makes me totally sad that the story is over (I want more!!)

It was raunchy. It was graphic. It was hilarious.  
But most of all, it was a beautiful sci-fi love story!

5 stars and a favorite! ...more

I really didn't know what to expect when I started this book. Honestly, I didn't think I would like it. I had seen it many times, and bypassed it because I thought it was going to have hardcore BDSM, abuse and they would have multiple partners...I was wrong...VERY WRONG.

First let me say that this is truly a story of two people who are not only friends, but have a very deep affection and admiration for one another. Never once did I doubt their feelings for one another, even when it was put to the test. I really didn't know what to expect when I started this book. Honestly, I didn't think I would like it. I had seen it many times, and bypassed it because I thought it was going to have hardcore BDSM, abuse and they would have multiple partners...I was wrong...VERY WRONG.

First let me say that this is truly a story of two people who are not only friends, but have a very deep affection and admiration for one another. Never once did I doubt their feelings for one another, even when it was put to the test, it was very obvious that they hold one another in very high esteem and truly love each other.

Haven is a mediator and healer. He belongs to a select group called Master of the Order of the Light. His job is to right wrongs, and to bring peace to civilizations that have a conflict or at war with one another. Ten years ago, as he was about to leave Rigel Six, he spots a young boy chained and has been neglected and abused. Haven soon comes to the realization the boy has been used, and will be obviously sold as a prostitute to the highest bidder. Enraged by the obvious mistreatment of the youngster he buys the boy outright. They immediately have an emotional connection. Haven names the boy Wren (he didn't have a name. You'll understand where he gets the name Wren when you read the book) and takes him to his home planet and becomes his mentor.

Wren has been in love with Haven since the moment he laid eyes on him. Haven not only saved him from a life of sexual abuse and neglect he has educated Wren, he has shown him kindness and affection that any father would show his son. This is foreign to Wren at first, but he thrives on the guidance and attention he receives from Haven. As the years go by and Wren becomes a man, both Haven and Wren struggle with not only their love for one another, but their budding sexual attraction to each other. But, ANY kind of sexual touching is forbidden between a mentor and his apprentice. If they give into their feelings and desires for one another, they will be separated, and neither Wren or Haven

Slave Boy

are willing to risk that.

When they are sent to mediate a conflict between two civilizations almost at war, they are forced to participate in some of the customs, or they will insult their host, and lives will be lost. This means that Wren must act as Haven's pleasure slave. Haven does everything in his power to talk Wren out of it. He is afraid this will bring back unhappy memories of sexual abuse Wren endured as a child. Wren on the other hand, knows that Haven would never hurt him, and craves for his touch. If being forced to be a pleasure slave is the only way Haven and he can be together, than Wren is willing to take that chance.

I loved Haven and Wren. I cannot say enough about these two characters. They literally grabbed my heartstrings and didn't let go until the last letter on the last page. This book will definately be a re-read for me, and have a place on my keeper shelf. In my opinion, the storyline was interesting, but the characters itself is what makes this book very special.

I do want to give a word of warning...There ARE some BDSM roleplay, voyuerism and public sex in this book. If this is offensive to you, this is not the book for you. Poor Wren had endured much sexual abuse before he met Haven, but he overcomes it. If this bothers you, you might want to rethink reading it also. There are no sexual abuse scenes with Wren as a child, but the emotional turmoil he goes through can pack quite a punch. So know that in advance before reading this book.

Honestly, the love between them made the things they had to endure to keep peace between the fighting civilizations , okay because they truly felt love and affection to one another, and it wasn't just two people seeking to hurt or humiliate the other person. They truly belonged together... That made this book different for me, and I loved it.

## Slave Boy Ao3

WREN: "Oh, I love you so much Master, take me. Take me now!"

HAVEN: "I mustn't. I mustn't act upon these strong urges I have for your youthful golden body and your spiky brown-blond hair. To do so will cause the Order of the Light to separate us FOR-EV-ER!"

WREN: "But Master, I have loved you since I was a 12 year old boy. (Squick!) Please use me! Use my body to satiate the urges that run rampant through your ever so masculine build. I needed you!"

HAVEN: "No! I cannot! It is forbidden! No! Yes! No!" WREN: "Oh, I love you so much Master, take me. Take me now!"

HAVEN: "I mustn't. I mustn't act upon these strong urges I have for your youthful golden body and your spiky brown-blond hair. To do so will cause the Order of the Light to separate us FOR-EV-ER!"

WREN: "But Master, I have loved you since I was a 12 year old boy. (Squick!) Please use me! Use my body to satiate the urges that run rampant through your ever so masculine build. I needed you!"

HAVEN: "No! I cannot! It is forbidden! No! Yes! No!"

THE GOOD: Evangeline Anderson is a master at world building. The detail that she puts into each and every society she creates is astounding. Really, she should have written for Star Trek or something. I loved her Kindred series and I saw some of her vivid imagination in this story.

THE NOT SO GOOD (AKA OH MY GOD PLEASE PUT ME OUT OF MY MISERY!): Haven is a bloomin' idiot and Wren is just TSTL. I mean, seriously! Haven is supposed to be this big shot ambassador but he knew NOTHING about the people he was negotiating with. Research much? And Wren is like the girl in the movie that goes to investigate the strange noise coming from the shed even though she knows there is an axe murderer on the loose. T. S. T. L. The whole premise of the public sex acts was just, in a word, ridiculous. And don't get me started on the whole "you're still a virgin because I didn't go all the way in, just the head" factor. WTF???

Don't get me wrong, I love reading stories that border on the ridiculous but only if that was the author's intention. In this case it was not. I sort of feel that my intelligence was insulted.

I gave this one an extra star due to the sheer fact that it evoked strong emotions in me while I read it (I was strongly irritated by the idiocy of both MCs).

Slave Boy

Well, that's a few hours of my life I will never get back.

\*\*\*Edited to add on 7/11/13\*\*\*

OK, the extra star is coming off. After giving this a week to stew, I still can't get over how incredibly awful this book was. So I'm taking it back. I'm taking 'em all back! (like my Goonies plug? hee hee)

This review has been hidden because it contains spoilers. To view it, [click here](#).  
"Erotic romance" that is neither erotic nor romantic.

Full disclosure: I'm a big fan of m/m and f/f slash fiction, and I've read a lot of it over the years. And what I expect from it is not that it is some great literature that reveals something about the human soul or whatever - I want some nice romance, and it can be cheesy and there better be some cliché involved (memory loss! accidental marriage! they have to pretend they're a couple! etc.). Of course, I don't mind some hot sex scenes, but th "Erotic romance" that is neither erotic nor romantic.

Full disclosure: I'm a big fan of m/m and f/f slash fiction, and I've read a lot of it over the years. And what I expect from it is not that it is some great literature that reveals something about the human soul or whatever - I want some nice romance, and it can be cheesy and there better be some cliché involved (memory loss! accidental marriage! they have to pretend they're a couple! etc.). Of course, I don't mind some hot sex scenes, but they're an added bonus mostly.

So when "Slave Boy" was recommended to me it wasn't entirely unreasonable that I should like it. Slash with a mix of D/s - something I really liked in the Administration series - and the book wasn't that expensive, so I thought I'd give it a try.

I wish I wouldn't have. This book is so unbelievably bad words almost fail me. Please, bear in mind that I expected it to be cheesy and all that. But I also expected the main characters to behave somewhat like actual people might.

In the beginning, we're introduced to the two main characters - two men who are part of an interstellar religious organization/ corps called the Order of Light. One is the master and the other his pupil, although the pupil is almost old enough to become a master himself. The master is a large man while his pupil is smaller. The pupil also has short spiky blond hair. They have this intense mind-bond that allows them to talk telepathically when they choose to. And each of them is secretly in love with the other but doesn't tell the other one because that kind of relationship is forbidden by their order. They're on their way to a summit where they have to convince some alien race not to annihilate another alien race. For reasons that don't need exploring at this juncture, the pupil has to pretend he's his master's sex slave in order not to offend the alien bad guys. Sound familiar? Yeah, I know, it's just about every damn.Obi-Wan/Qui-Gon fanfic ever written.

## Slave Boy

Again - the setting, the characters, the plot - no matter how contrived or cheesy or ridiculous all this sounds, I do like that sort of thing, and I've read some great stories using something similar like that. This book, however, wasn't one of them.

Basically, this book is like really bad porn. The "plot" is just an excuse to get the characters to fuck, or rather, like in one notable example which I WISH I COULD UNREAD DEAR GODS PLEASE, almost-fuck. Again, it's not like that isn't the case in 95% of all fanfic I've read, but in this case it's so badly done and none of it makes sense. Apart from the fact that I doubt there is an alien race that requires people to fuck each other in front of the king as a tribute (if there is, I don't want to know) my main problem was with the main characters who act like they're completely insane. Nevermind that the whole (main) story takes place over a time-period of about two days while their relationship progresses at a really unnatural pace, the most ridiculous thing is the non-stop internal WHINING of these two supposedly grown men who fight for the good of the universe (I fear for the universe).

Basically every interaction they have is along the following lines: they're in a situation that requires them to be intimate in some way or the other. So each of them thinks, "OMG I want him so badly, but no, it's wrong, I shouldn't, he doesn't like me that way, I can't, but I have to, oh no, look what I'm doing!" And then their mind-link starts working and they start telling each other stuff like "I want to fuck you so hard, please Master fuck me lalalala NO ONE TALKS LIKE THAT WHEN THEY THINK THE OTHER PERSON DOESN'T WANT THEM. PLEASE." And then they start whining again. And the dirty talk is so horrible, and the sex isn't hot and their relationship is supercreepy, because the only way a D/s relationship works for me is when they are actually equals. This is just icky and what I think the author believes is romantic is disturbing and ridiculous and about as "sweet" as Edward and Bella's wonderful love. UGH.

Another thing that bugged me was that the whole thing was very similar to another of Anderson's books I've read - the "Assignment" has some situations that are almost identical, and even though there the relationship at least wasn't quite as disturbing, I found that annoying.

So yeah. I'd apologize for the rant, but I think I deserve it after reading the whole damn thing. (Which I only did because I was on the bus and then there were only a couple of pages left over, and what would have been the point of stopping there?) ...more

## Boyd Slave Cemetery

I loved this book. There was so much friendship, love and respect between the heroes. There was no mistaking their love for one another. I hated to see it come to an end.

I recently reread this book, and I admit, I worried that it might have been best to leave it safe in the fog of memory, as it was one of my first m/m books I read. Happily, I can tell you the answer is no, it was a wise move to reread. This book is light, fun, and naughty. Kinky and voyeuristic and a wonderful afternoon's escape.

If I have any "complaints," it's that this same book that initially seemed so racy now seems like it doesn't go far enough. But that only adds to the charm. If you're looking for a slightly naughty m/m book to cut your teeth on, this is a good choice. ...more

Slave Boy offers up typical Evangeline Anderson, the writing is just so her and the plot is basically one we have experienced before. I enjoyed the sci-fi world created, and she does offer up some really vile and strange creatures in this one, but with that said this book lacked originality when it came to characters. Its like I have seen them before, just with different names and I liked them a lot more.

Haven is a Master of The order of light, they are healers and they go around making wrongs right, so we could call them the galaxies peace keepers. While on a mission Haven runs into a small slave boy owned and sold to men for the use of his mouth and soon because he is of age other things. This small boy captures Haven's heart and he also carries the light within him, because this boy has the power to heal. Haven knows he has to free the boy and take him back to the order. With a little buy and sell Haven gets the boy who he calls Wren.

It is now Haven's job to be mentor to Wren, after ten years of being together there bond is stronger than ever. Well it seems both men want a little more to their relationship, but anything sexual is forbidden in Light culture between a master and his trainee. That was until they were called to help with keeping a planet from being blown up.

To stay on the Tiberion war ship, calls for a sex slave. All the things Haven knows he should not feel start bubbling up, and to save a planet they will go where there is no turning back. Basically, they want to have sex but know they shouldn't but it will be the very thing that saves the lives of many.

It is just too much, when characters are forced to have sex. They never just come together on their own, they had to play a little game of Pain or Pleasure. That is why I said typical Anderson style. I just cannot understand why people don't just have sex for sex sakes, in this Wren and Haven's first time together their was an audience, and some form of pain was involved. If this is a trend of the authors, its gonna get old real fast!!

With that said, I liked it there was D/s element to it, and that is right up my ally. Plus the Tiberions were

## Slave Boy

really nasty and made my skin crawl, and I liked it. ...more

Completely suspend your disbelief and this is an entertaining story. Evangeline Anderson has a way of making sex a matter of life or death. In Slave Boy, a blow job brought Wren back from the brink of death. I was just thinking, if a blow job has healing properties my DH may be immortal. Just a thought.

Slave Boy

## Meno Slave Boy Example

This book is a good read for anyone looking for a silly, sexy and surprisingly sweet story that does not take itself seriously. I highly recommend giving it a chance. Again, it is absurd but also hot, fun and has a heart.

More like 2.5 stars.

Here's the thing, I really liked this bok when it was called the Assignment. The basic story from this book is almost identical, except set it in space.

(view spoiler)[Two men that work together and are attracted to each other are forced to pretend to be sexually involved for the sake of their job. While pretending but out of necessity they publicly take things farther than they ever would have by themselves. But when the people they are trying to fool by pretending figure i More like 2.5 stars.

(view spoiler)[Two men that work together and are attracted to each other are forced to pretend to be sexually involved for the sake of their job. While pretending but out of necessity they publicly take things farther than they ever would have by themselves. But when the people they are trying to fool by pretending figure it out, they have sex with each other, by force, with the bad guys watch and taping it to send to their bosses to "out" them. (hide spoiler)]

Seriously, it's really almost the same thing. And I only liked it the first time. I'm turned off by the violence that gets used in the book. People being forced into having public sex (even if it's really something they both want) doesn't do it for me either. Sure there is romance in there somewhere, but mostly it just a lot of forced public sex. Which really leaves me cold.

I did like the initial premise. I wasn't put off by the sci-fi aspect. In fact I was intrigued by the concept of the Light bearers. They seemed like ministers that could create and wield weapons forged from light... awesome. I just wish we had more focus on that. I mean the world was potentially interesting. I also liked Wren & Haven as characters. They were good guys. The villains are a little too mustache twirling over the top for me. But again I've seen that before. ...more

Slave Boy

## Slave Sugar Boycotts

I see this book has its fans. Ok, everyone likes something else. But I really don't understand why. So predictable, shallow, characters act stupid. How can Haven be negotiator, when he allow them to manipulate him so easily?

And for heaven's sake, how many times I had read "I want you" "Yes, me too, but we can't" again and again?

I was sick and mad from this book, even though I finished it. I wanted yell at them and I hated them all, and the fact that I always knew what would happen next was a small consolation. I see this book has its fans. Ok, everyone likes something else. But I really don't understand why. So predictable, shallow, characters act stupid. And for heaven's sake, how many times I had read "I want you" "Yes, me too, but we can't" again and again?

I was sick and mad from this book, even though I finished it. I wanted yell at them and I hated them all, and the fact that I always knew what would happen next was a small consolation.

What Order of Light signify in their universe? They really send only one their man save whole planet, without knowing what to expect, and with so little power??

And while I see Order of Light as the embodiment of goodness, what was with their Council with behavior like it's some nuisance that is delaying their lunch?

And does means for them humans life so little that the master healer says "you have only half an hour" and after that go and boy can die?

I finished it because I was sincerely hoping that they at least reach some kind of changes on this terrible world after that "game", when ruler seemed a little rational, but of course not.

I'm trying to think of some positives about this book. But I don't see any. Relationship of master and apprentice was nice but not exceptional in any way.

I'm glad I had this book behind me and I hope I forget it soon.
