DirectCore Flats Pro - RIO Products RIO's™ flagship saltwater fly line has been designed for anglers hitting tropical flats in search of bonefish, permit and tarpon. The line is built on RIO's™ new DirectCore, a proprietary low-memory, low-stretch monofilament core that retains its stiffness in tropical heat, yet lies straight on the water without curl or retraction. Add a trend or moving average line to a chart - Office Support Tips: You can also create a moving average, which smoothes out fluctuations in data and shows the pattern or trend more clearly. If you change a chart or data series so that it can no longer support the associated trendline " for example, by changing the chart type to a 3-D chart or by changing the view of a PivotChart report or associated PivotTable report " the trendline no longer.

## A Line In The Sand
