Dead Space Antony Johnston

Dead Space: Salvage by Antony Johnston - Goodreads Antony Johnston is a New York Times bestselling writer of books, graphic novels, film, and videogames. The Charlize Theron movie ATOMIC BLONDE is based on his graphic novel THE COLDEST CITY; his epic series WASTELAND is one of only a handful of such longform achievements in comics; and DEAD SPACE, his first videogame, redefined its genre. Antony Johnston | Dead Space In the future, earth's natural resources are spent. Instead, vast mining operations known as planetcracks are conducted in faraway star systems, literally ripping open whole planets to plunder their resources.. One such operation is taking place on the barren planet of Aegis VII. Dead Space by Antony Johnston - Goodreads It is a prequel to the original Dead Space video game that was released in 2008. The story flows along at a good pace, and the artwork by Ben Templesmith is complimentary to the story but easy to follow (unlike the art for the second graphic novel, Dead Space: Salvage - see my review.
